

JOIN THE FORCE OF NLC

The National League of Cities is THE voice for municipalities of all sizes in Washington, DC.

We need you in our fight to:

- Protect Municipal Bonds
- Fix the Nation's Broken Immigration System
- Protect Local Revenues through Marketplace Fairness

We can't do this alone. Without your support and involvement, communities across America risk losing essential funding and resources. We need every municipality's voice as we work to represent your needs and interests on Capitol Hill and to the Administration.
